The Regional Rural Development Standing Working Group in South Eastern Europe (SWG RRD) is an International Intergovernmental Organization consisting of members from governmental institutions in South Eastern Europe (SEE) responsible for agriculture and rural development in respective member countries and territories. The SWG is a platform for networking and regional cooperation in SEE in the field of agriculture and rural development.

The SWG is carrying out the project Preparation for Implementation of the Area Based Development (ABD) Approach in the Western Balkans - 2nd phase which works on building the capacities and structures within the SWG and selected regions in order to be able to implement the forthcoming ABD programmes. The project's objective is the contribution to sustainable economic growth of the target regions: Drina– Sava (cross-border region between B&H, HR, SRB), Drina- Tara (cross-border region between B&H, SRB, MNE), Prespa (cross-border region between ALB and MK) and Sharra (cross-border region between ALB, MK and KOS*) by strengthening the cooperation of public administrations and other public bodies, the private sector and NGOs in the fields of local development and regional cooperation by building-up local and regional cross-border capacities. The project will create framework conditions within the SWG as organization and the SWG member countries for implementation of the area based development approach and in that way contribute to the sustainable growth of the rural cross-border areas of the SEE region.
