WHERE TO STAY, EAT AND DRINK
IN THE DRINA-TARA REGION
This document has been produced based on the material provided by the Drina-Tara Stakeholder Group.

This document has been produced with the financial assistance of the European Union. The contents of this document are the sole responsibility of the Regional Rural Development Standing Working Group in South-East Europe (SWG) and its Area Based Development Programme and can under no circumstances be regarded as reflecting the position of the European Union.

This project is funded by the European Union.
Situated along the beautiful Drina River and around the gorgeous Tara and Lim Rivers, on the slopes of Tara Mountain, Zlatibor and Zlatar Mounts, on the border of three countries, at the crossroads of important roads, diverse cultural influences and historic events, fertile land and skills in traditional production, this region can not only pride with gorgeous nature, but also with the sites of cultural heritage, religious monuments, specific architectural sites and gastronomy.

The region’s mosaic of beauties will leave no tourist indifferent. What is more, the chance is that anyone visiting this region will always return, searching for new places, while enjoying the familiar ones. The region’s various accommodation facilities will make everyone’s visit to this area comfortable and pleasant.

The Drina-Tara region offers a range of accommodation capacities which will suit all tastes and budgets. The region hosts hotels, both the newly-built ones and those that have accommodated tourists for decades, numerous rural households and ethno villages, bed and breakfast facilities, apartments, mountain lodges and camps.

This brochure provides a list of the facilities well known for their quality accommodation and service.

The Regional Rural Development Standing Working Group in South Eastern Europe (SWG RDP) is an International Intergovernmental Organization consisting of members from governmental institutions in South Eastern Europe (SEE) responsible for agriculture and rural development in respective member countries and territories. The SWG is a platform for networking and regional cooperation in SEE in the field of agriculture and rural development.

The SWG is carrying out the project Preparation for Implementation of the Area Based Development (ABD) Approach in the Western Balkans - 2nd phase which works on building the capacities and structures within the SWG and selected regions in order to be able to implement the forthcoming ABD programmes. The project’s objective is the contribution to sustainable economic growth of the target regions: Drina- Sava (cross-border region between B&H, HR, SRB), Drina- Tara (cross-border region between B&H, SRB, MNE), Prespa (cross-border region between ALB and MK) and Sharrë (cross-border region between ALB, MK and KOS*) by strengthening the cooperation of public administrations and other public bodies, the private sector and NGOs in the fields of local development and regional cooperation by building-up local and regional cross-border capacities. The project will create framework conditions within the SWG as organization and the SWG member countries for implementation of the area based development approach and in that way contribute to the sustainable growth of the rural cross-border areas of the SEE region.

This document has been prepared and published with the aim to present the region and its attractions, thus contributing to attracting visitors to the Drina-Tara cross-border area.

The publication has been produced with the financial assistance of the European Union. The contents of this document are the sole responsibility of the Regional Rural Development Standing Working Group in South-East Europe (SWG) and its Area Based Development Programme and can under no circumstances be regarded as reflecting the position of the European Union.
