The Sharra region in general is known for its specific cuisine which is a rich mixture of the influences from the Turkish, Albanian, Macedonian, Serbian and Greek food preparation models. In the last decades a further influence has been that from Italy and Western Europe in general, so the Sharra is now famous for preserving the tradition in its gastronomy while embracing positive trends from the world cuisine.

This region is best known for its delicious cheeses - soft white cheese (sirenje), yellow cheese (kashkaval) produced from sheep and cow milk and other dairy products, homegrown and home-produced meat and fish, traditional sweets and drinks, espedially its wines and the rakija - local alcoholic beverage - a kind of brandy - produced from locally grown grape, pear and plum.

The golden hand of the people, the fertility of their land, and the secrets of their recipes altogether make this area a region of specialties waiting to be discovered. The list of restaurants this brochure offers will help you in your mission of discovering this beautiful mountainous area in the heart of the Baklans.

The Regional Rural Development Standing Working Group in South Eastern Europe (SWG RRD) is an International Intergovernmental Organization consisting of members from governmental institutions in South Eastern Europe (SEE) responsible for agriculture and rural development in respective member countries and territories. The SWG is a platform for networking and regional cooperation in SEE in the field of agriculture and rural development.

The SWG is carrying out the project Preparation for Implementation of the Area Based Development (ABD) Approach in the Western Balkans – 2nd phase which works on building the capacities and structures within the SWG and selected regions in order to be able to implement the forthcoming ABD programmes. The project's objective is the contribution to sustainable economic growth of the target regions: Drina– Sava (cross-border region between B&H, HR, SRB), Drina- Tara (cross-border region between B&H, SRB, MNE), Prespa (cross-border region between ALB and MK) and Sharra (cross-border region between ALB, MK and KOS*) by strengthening the cooperation of public administrations and other public bodies, the private sector and NGOs in the fields of local development and regional cooperation by building-up local and regional cross-border capacities. The project will create framework conditions within the SWG as organization and the SWG member countries for implementation of the area based development approach and in that way contribute to the sustainable growth of the rural cross-border areas of the SEE region.

This document has been prepared and published with the aim to present the region and its attractions, thus contributing to attracting visitors to the Sharra cross-border area.

The publication has been produced with the financial assistance of the European Union. The contents of this document are the sole responsibility of the Regional Rural Development Standing Working Group in South-East Europe (SWG) and its Area Based Development Programme and can under no circumstances be regarded as reflecting the position of the European Union.
