

# “National policy instruments and EU approximation process: Effects on farm holdings in Western Balkan countries”

the project is funded by

JOINT RESEARCH CENTRE

Institute for Prospective Technological Studies (IPTS)

## Procedure

Tender procedure opened by JRC

Proposal prepared based on tender specification

SWG will be part of consortium with LEI

SWG will be responsible for implementation

the project is funded by

JOINT RESEARCH CENTRE

Institute for Prospective Technological Studies (IPTS)

## Overall project objective

- The overall objective of the project is to strengthen cooperation among research community and administrations in the WB in order to create an effective and scientifically sound support to policy decision-making.

## Specific project objectives

- Monitor and collect information on agricultural policy developments in the WB countries;
- Evaluate the availability and quality of farm level data in the WB and examine their applicability for scientific analysis in supporting policy making;
- Explore the possibility of extending the application of the EU based IFM-CAP farm model to the WB countries;
- Conduct relevant quantitative policy impact analyses.
